

2021 Spring Leadership Conference
May 20, 2021
GoToWebinar

Dr. Alan Young is a physician innovator and strategist with diverse clinical, corporate and entrepreneurial accomplishments. After completing a dual MD/MBA degree program at USC's Keck School of Medicine & Marshall School of Business, he obtained his medical license during his Orthopedic Surgery residency. Combining his passion for business & medicine, he served as a national healthcare subject matter expert consultant with Deloitte Consulting while providing surgical physician services at Southern California Kaiser Permanente. At USC Care Medical Group he was the Director of Operations Strategy & Special Projects, leading quality improvement initiatives and Cerner EHR optimization efforts to improve patient and physician engagement. Served as Regional Director of Client Relations and Senior Manager with Accenture for Epic projects, Client Service Leader for Slalom Consulting and Chief Medical Officer at GYANT and Safe Health Systems. Currently he is the Head of Clinical Partnerships at KelaHealth building AI-powered solutions for surgery. He also serves on the HIMSS National Physician Committee, SoCal HIMSS CMIO Committee Chair, Scale Health Steering Committee and is an Ambassador for AIMed.
